Update on Procurement Law

A One-Day Update on Procurement Laws in Canada

This intensive legal education course covers many of the legal issues which professional purchasers and supply managers face daily. The topics are selected from the vast range of laws which comprise procurement law (excluding the laws of competitive bidding, which is a separate course). Topics are chosen for their currency and importance in the procurement of goods and services in the Canadian and International marketplace. Unless otherwise noted, all topics are relevant to both Public and Private Purchasers.
